KLAMATH FALLS, OREGON STURDAY, APRIL 1, 1916

SLOW REGISTRATION

THERE are fourteen days in which electors can register for the state and county primaries. There are over 2,000 people, or one-half of the county's voting strength, to be registered.

There is not a great deal of excuse for this delay. In every precinct there is a registrar, and the county clerk's office here has been reminding all visitors of the need of registering. But still, only half of the people entitled to vote have qualified themselves for the May balloting.

Next week the clerk's office will remain open a couple of hours in the evenings to accommodate the people whose hours of employment makes it impossible for them to register during the usual business hours at the court house. It is to be hoped that the mill and factory employes will take advantage of this, and register in sufficient strength to make whatever candidates are nominated the choice of the majority of their parties.

MORE WORK, HIGHER WAGES

IN RECENT MONTHS the laboring men of America have had a practical demonstration of the increased wages that follow an increased demand for labor. American manufacturing establishments have been exceedingly busy not only in the production of munitions of war, but also in the manufacture of articles which we have heretofore received in considerable quantities from the nations, which are too busy now with international conflicts to engage in manufacture for export.

This demonstration of the value of busy factories should not be lost upon American laborers. It should require nothing more than this to convince them of the desirability of the enactment and maintenance of a protective tariff, which will establish and maintain factories in this country for the direct employment of labor and the indirect employment of producers of commodities needed by the factories or by those who labor therein.

Scattered Shots

REGISTER, Mr. or Mrs. Taxpayer, so you can vote in favor of the municipal highway.

WHILE OTHER CITIES are offering bonuses to factories and mills to locate there, Klamath Falls has thus far neglected any easy means of making the business section of town accessible to the people of Shipington and Pelican City, whose monthly earnings are in excess of \$50,000 a month. It's time to change—so boost the municipal highway.

ONCE AGAIN hell is poured out of heaven on British towns.

HAVE YOU ENTERED the City Beautiful contest yet? It's a good cause.

THE WORST KIND of an April Fool is the person neglecting to register.

DODGE BROTHERS MOTOR CAR. You are almost sure to ask yourself—how is it possible to incorporate such a quality at so moderate a price. The equipment of the car speaks for itself: Timken bearings throughout; the S. R. O. ball bearings in clutch and transmission; the full-floating rear axle; the 30-35 horsepower four-cylinder motor; the real leather upholstery and natural curled hair filling; the chrome Vanadium steel springs; the Vanadium steel gears; the single unit, chain driven starter generator; the Eisemann water proof magnet; the fact that in direct drive no transmission gears are engaged or in motion the almost exclusive use of drop forgings and drawn work; the perfect stream line body; the specially designed oval fenders; the one-man type top—all these are recognizable as features beyond betterment. The wheel base is 110 inches. The price of the car complete is \$785, f. o. b., Detroit. Complete stock of parts always on hand. W. T. SHIVE, Dealer Cor. Second & Main
